

# ECOLAB®

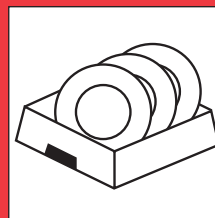

## Topmatic Plus

### Machine Warewashing Detergent

**The Innovative  
Warewashing  
Solution**

- Heavy duty warewashing detergent, removes even the toughest soils
- Contains chlorine for best bleaching effect on coffee & tea stains

# Topmatic Plus

## Machine Warewashing Detergent

### Product Description

**TOPMATIC PLUS** is highly concentrated and without phosphates. **TOPMATIC PLUS** contains ingredients that remove heavy soil and thus guarantees one-pass cleaning results, eliminating the need to re-wash dishes. This saves time and also reduces the consumption of energy and water. The Ecodos L dispenser system controls your warewashing operation and influences the most critical factors to save valuable resources like water and energy. Not for use on aluminium and other soft metals.

### Use Direction

1. Your Ecolab specialist will install and adjust Ecolab's Warewashing dosing System to the correct concentration and for your specific cleaning needs.
2. Replace the empty canister when the alarm sounds.
3. **TOPMATIC PLUS** has been specifically developed to remove even the toughest food soils from all tableware as porcelain, glass, plastic and stainless steel. Consult your Ecolab specialist for further usage instructions.

### Safety

Wear protective gloves and safety glasses when you exchange the empty container with a new one.

Do not mix with any other product!

For further information and safety instructions see product label and safety data sheet.

### Recommended use-concentration

2 – 4,5 g/l per litre water depending on soil level, water quality and used tableware

### Packaging

12 kg  
25 kg

### Storage conditions

Store only in the original container and between 5° C and 35° C

Ecolab's high quality dosing equipment ensures the best economical and ecological method of dosing all Topmatic products.

See the Ecodos L cat sheet for detailed information.
